platform solutions for iOS and Android platforms.

Experience

**SdlGlobe Technologies Pvt Ltd (Formerly SmartDrive Labs
Technologies India Pvt Ltd)**
1 year 3 months

Mobile Application Developer
September 2023 - Present (1 year 1 month)
Bengaluru, Karnataka, India

Web Developer
July 2023 - Present (1 year 3 months)
India

I am currently employed as a Laravel Web Developer at Sdlglobe
Technologies Pvt Ltd. In this role, I am responsible for leveraging my expertise
in Laravel, a popular PHP web application framework, to design, develop, and
maintain web applications that meet the company's and clients' needs.

My daily responsibilities include collaborating with cross-functional teams
to gather project requirements, creating scalable and efficient back-end
solutions, integrating front-end elements, and ensuring the overall functionality
and performance of web applications. I work closely with design and UX/UI
teams to ensure a seamless user experience and strive to deliver high-quality,
responsive, and visually appealing web solutions.

As a Laravel Web Developer, I am constantly engaged in keeping up with
the latest industry trends, best practices, and emerging technologies to
ensure that our projects are built with cutting-edge technology and adhere to

industry standards. I take pride in my ability to write clean, maintainable code, implement security measures, and optimize web applications for speed and reliability.

Working at Sdlglobe Technologies Pvt Ltd allows me to contribute to exciting and challenging projects while collaborating with a talented team of professionals. I am dedicated to delivering robust web solutions that help our clients achieve their business goals and maintain the company's reputation for excellence in web development.

Mernstack and Laravel Devloper
